

- To our essential music educators -

The founders of **EggWin** understand the dedication and passion you have to nurture the next generation of musicians. Our team is composed of educators, professional musicians, and lifelong music enthusiasts who share a singular vision: to support and elevate music education programs nationwide.

We recognize the immense responsibility you carry—from managing budgets and ensuring instrument readiness to inspiring young talent. Our goal is to make your job easier by providing superior quality, safe, and cost-effective musical products that allow you to focus on your teaching. Your program is unique, and we specialize in custom orders so you can get the exact equipment you need for your band without busting your annual budget.

The **RezTone™** demo box you have now is a testament to our commitment to high standards and low cost. We want to be your trusted partner and provide you with all your essential equipment at a fraction of the price. Utilizing state of the art 3D resin and filament printing, we specialize in brass and woodwind mouthpieces, reeds, stands, mutes, and more.

Please scan the **QR code** to watch an introductory video, explore our website, and submit an inquiry!

We look forward to working for you.

⇌ Cost

We believe that budget constraints should never compromise the quality of music education. Prices of general musical equipment have skyrocketed and continue to rise.

 **EggWin will solve this:**

Competitive pricing designed for all school budgets. Equipment at a fraction of the cost you are used to paying.

Custom orders designed around your needs. Every program is different and we will tailor-make your gear down to the color.

Durable and tested long-lasting products minimize replacement costs. Intensive testing shows no drop in quality from traditional materials.

⇌ Quality

REZTONE™ products are engineered for the rigorous demands of the classroom and performance stage.

Precision Craftsmanship: Every product is subjected to stringent quality control checks.

Performance Tested: Field-tested by students and educators to ensure optimal playability.

Industry Standards: We adhere to and exceed industry benchmarks for materials and construction.

⇌ Safety

The safety of your students is our highest priority.

- **Non-Toxic Materials:** All materials used are thoroughly tested to be safe and non-toxic for student use.
- **Compliance:** We ensure full compliance with all relevant safety regulations.
- **Resin Safety Certificates:** Available upon request. (Syria Tech BLU)
